

Priya Nair

Backend Engineer

Bengaluru, India · priya.nair.dev@gmail.com · +91 80 4123 7788 · linkedin.com/in/priyanair-eng

Candidate ID: CAND-01

SUMMARY

Backend engineer with 6 years on internal tooling and reporting services. Comfortable across REST APIs and batch jobs; limited exposure to high-volume transactional systems.

EXPERIENCE

- **Backend Engineer — Meridian Analytics** 2020 – Present
 - Owned the reporting API (Python/Flask) serving ~40 internal dashboards.
 - Migrated nightly batch jobs to Airflow, cutting job failures ~30%.
 - No direct payments or money-movement experience.
- **Software Engineer — Greenfield Apps** 2018 – 2020
 - Built CRUD services for a SaaS scheduling product.

SKILLS

Python, Flask, PostgreSQL, Airflow, Docker

EDUCATION

BSc Computer Science, University of Leeds (2018)

LANGUAGES

English (fluent), Hindi (native)
