

## State Department Media Resilience Implementation Reference (Seed)

### Implementation focus areas

- Professional standards in editorial practice and verification.
- Capacity for coordinated response to disinformation campaigns.
- Practical safety and continuity planning for media actors.

### Illustrative activity package

1. Editorial verification and fact-checking routines.
2. Legal and digital risk awareness training.
3. Small grants for audience engagement and content integrity pilots.
4. Coordination mechanisms between media and civic support actors.

### Measurement direction

Track changes in newsroom practices, coordination frequency, and use of risk mitigation protocols.
